

Help Elect a Friend to the Oregon Supreme Court

Dear Friend of Life and the Family,

It is not often that citizens are given the chance to place a conservative voice on Oregon's highest Court. But that's exactly the opportunity we have in the upcoming Primary Election.

That's why *Oregon Right to Life* and the *Oregon Family Council* are very pleased to recommend Jack Roberts for this position. Both of our organizations have had a positive working relationship with Jack for many years and we have a deep respect for his intelligence, integrity and values.

As those who support time-honored values like life and family, there is probably no greater frustration than having judges undermine the will of the people by using the Courts to promote an extreme personal agenda. It's a term we've come to call "judicial activism."

By all accounts, Jack Roberts models the opposite approach to the judiciary. He understands that the role of the courts is to assure that laws comply with the Constitution in a fair and impartial manner, not to rewrite the laws.

Join us in helping elect a new Supreme Court judge we can trust to uphold the laws and the constitution not undermine them. Please Vote Jack Roberts for State Supreme Court. Thank you!

Sincerely for Life and Family,

Gayle Atteberry
